

Subj: moly resin finish

From: ~~predril@bellsouth.net~~
To: SMG1022@aol.com

Hi John,

I got your name from Geoff Beneze and wondered if you would send me some info about your moly resin finish? I have had several requests for this type of finish and would like to try it out. I have used the aerosol stuff that Brownell's sells and found it unsatisfactory. When Geoff told me yours is applied with an air brush, I decided that I would give you a call. My biggest problem with Brownell's stuff is that you really can't control the application thickness and the texture was a little too coarse. I hope your product will solve that problem.

My snail mail address is:

Precision Gunworks
~~900 Factory Springs Industrial Dr.~~
Canton, GA 30115

Thanks for your help!

Regards,
John ~~Hanson~~
