John,

Hi, it's Larry Saccoia, I just wanted to drop you a line to let you know that I received the moly resin last week and got all my refinishing done. This stuff is absolutely the best finish I have ever worked with. It is practically goof proof !!! The results I got using this stuff just amazed me, anyway just wanted to say GOOD JOB best finish on the market!

In the next week or so I will mail you a money order for some Colt Black finish.

Thanks Larry
