John or Robert:

Steve at Crazy Steve's Trading Post asked me to relay a message to you, it is that his computer is down. And that the gray and black moly resins are OK.

We did several pieces and the consistency of your product is wonderful, I'm impressed with the coloring and non reflective finish. This is the cat's ass as far as I'm concerned. I'm Steve's partner in this venture and I can see us doing a whole lot of refinishing with your products. Next up for myself is a Weatherby Fibermark that is going to go through the facelift on both the metal and the McMillan Kevlar composite stock. If you have any messages for Steve send them to me and I'll relay them in person to him. Thank You
