*In Response To: [John Norrell Arms Refinishing, GOOD or BAD? \(Keeling\)](#)*

I can say that Robert's work is incredible. I had him do my M16 and some mags. The finish is as close to Colt as you can get. His prices are great, and his turn around time is fast if you schedule it with him. You would not believe how this guy packed everything! Probably took me 20 minutes to unpack it all. I am very picky, and I can say that his work is flawless.
