**Robert:**  
I got the M16 and mags today. ~~Everything was beautiful!~~ The finish on the weapon was perfect and matched all of my Colt stuff beautifully. I gave the finish my "Gun Scrubber" test to see if any of the finish would come off after spraying with Gun Scrubber, and I am glad to report that nothing came off. I have had other finishes, including the Teflon finish that was on the receiver when you received it, come off with just a little Gun Scrubber. I also cannot believe how well you packed everything. It was a bitch getting everything unpacked. I have rebuilt the weapon and will test fire it this weekend. I will definitely give you many kudos on the boards, but I want to wait until Sunday night, as there are a lot of people who do not look at the board on the weekend, and I do not want my posts to be far down by the time that most will see them on Sunday night. Thanks so much for a fine job.

Sincerely,

Charles
